

Contents of the Individualisation Package

Version 5.0 dated July 29, 2024

Please note:

An active Mercedes me connect user account is a prerequisite for using the product content.

Depending on the individual equipment configuration of your Mercedes, this package currently includes a selection of features from the categories Sound Experience, Minigames and Projection Functions, along with other digital features.

The possible categories as well as the underlying features may change at any time during the contract period. You can find out which content is currently available for your Mercedes by referring to the overview below.

Category	Features	Description	Necessary optional extras	Where can the contents be found?	Availability for the following model series from production date	Country availability
1.) Minigames	Sudoku	For all fans of brain-teasers, the games package offers the 9x9 number puzzle Sudoku that is known all over the world. Solve the grid with as few mistakes as possible to progress to the next level. If you cannot solve the puzzle on your own, you can always use the integrated hint function. But don't use this function too often, otherwise you won't reach the next level.	-	Main menu Multimedia system >> Apps	A-Class (01/23) B-Class (01/23) CLA-Class (06/23) C-Class (06/22) EQA (12/23) EQB (12/23) EQE EQE SUV EQS (04/21) EQS SUV GLC (09/22) GLS/GLE (04/23) S-Class (06/21)	1)
	Pairs	In this game you collect points by finding matching pairs of cards. However, the cards are always face-down and you can only take a look at two of the cards in each round. Remember the positions and motifs of cards you have already viewed in order to find all pairs and clear the field. The game has separate modes for one and two players respectively.				
	Shuffle Puck	The aim of this game is to get the ball into the opponent's goal with the help of pucks. Control the direction and strength with which you fire your pucks to hit the ball in the desired direction. Skilfully use collisions with bands and other pucks to reach your goal. The players take turns, the winner is the one who scores five goals first or is in the lead at the end of the time.				
	Match 3	The goal of the game is to line up three of the same icons horizontally or vertically. Each level presents you with its own challenge, which you must fulfill in order to reach the next level. Earn exclusive power moves by combining the icons in the most efficient way. Play through a total of 135 levels and 9 different game worlds.				
	Quiz	Do you feel like putting your general knowledge to the test? The quiz app offers you the perfect opportunity to do so. In addition to different question categories, the quiz app offers you a choice of 4 game modes, such as Against the Time. Challenge your fellow drivers and play against each other on different screens.				
	Tetris®	The cult classic from the 80s offers endless fun on your displays. Earn your personal high score by removing as many lines as possible and reaching the last level. In addition to the classic game mode, there are others available, such as the Ultra mode for a quick round in a spare moment. In the Settings menu, you have the option of customising the game according to your preferences. This gives you the choice between intuitive touch-screen control or a virtual gamepad on your screen. Tetris® is available exclusively for all EQS vehicles.				
2.) Sound Experience	Roaring Pulse	As part of the Burmester® surround sound system, the specially designed Sound Experience in the interior enhances your electric driving experience. The additional "Roaring Pulse" sound experience is very "up front" and its basic sound components are reminiscent of archetypal powerful elements such as large-volume combustion engines, turbines and forces of nature.	Burmester® surround sound system	Main menu Multimedia system >> Vehicle >> Sound Experience >> Settings	EQA (08/23) EQB (08/23) EQE (06/22) EQE SUV EQS (06/22) EQS SUV	1)
	Serene Breeze	As part of the Burmester® surround sound system, the specially designed Sound Experience in the interior enhances your electric driving experience. You will receive the additional Sound "Serene Breeze".	Burmester® surround sound system	Main menu Multimedia system >> Vehicle >> Sound Experience >> Settings	EQA (08/23) EQB (08/23) EQE (06/23) EQE SUV (06/23) EQS (06/23) EQS SUV (06/23)	1)
3.) DIGITAL LIGHT Animations	Brand World Animation	The DIGITAL LIGHT projection functions enrich your driving experience. Furthermore, you can give your Mercedes a particularly individual touch. Vehicles of the Mercedes-Benz brand get the Brand World Animation "Star Wave". Vehicles of the Mercedes-EQ brand get the animation "Pixel Impact".	DIGITAL LIGHT with projection function	Main Menu Multimedia System >> Settings >> Light >> DIGITAL LIGHT >> Projection during welcome/farewell	C-Class (06/22) GLC-Class EQS (12/21) EQS SUV EQE (12/21) EQE SUV	2)
	Custom Animations	The Custom Animations enable you to individualise your vehicle further by selecting from a wealth of animations available in the Mercedes me App and downloading them to the vehicle.	DIGITAL LIGHT with projection function	Main Menu Multimedia System >> Settings >> Light >> DIGITAL LIGHT >> Projection during welcome/farewell * Not available in the guest profile	C-Class (06/22) GLC-Class EQS (12/21) EQS SUV EQE (12/21) EQE SUV + Multimedia system with software version E445 or newer (Main Menu >> Settings	2)
